Number 1

ACADEMY OPENS FOR 177th YEAR WITH ENROLLMENT OF 150 BOYS

School opened on September 19 with an enrollment of 123 boarding boys and 27 day students, a total number of 150.

These figures show an increase over last year of three boys living at school and the same number in the day school.

Massachusetts with 78 boys has the largest representation from any one single state, while New York is second with 23. Third comes Maine with twelve, followed by New Jersey with nine, New Hampshire with eight, Pennsylvania with four, Connecticut with three, and Wisconsin with two.

Ten states have one boy here at school, namely Michigan, Indiana, Minnesota, Ohio, Illinois, Vermont, Colorado, Florida, Rhode Island, and the District of Columbia. One foreign country, Ireland, has a representative.

In all eighteen states are represented by boarding students, while eleven towns are represented by day scholars.

SOCCER SQUAD AND "B" SQUAD MAKE USE OF WHIPPLE FIELD

For the first time since the purchase of the land in 1937, Whipple field is being used regularly for the accommodation of various athletic teams.

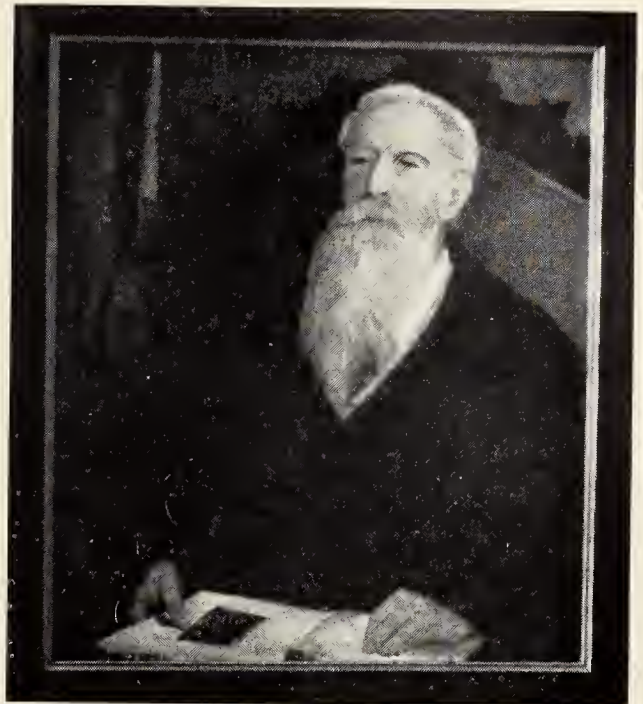

The big field to the left of the Machine Shop has been made the varsity soccer field, on which there is ample space for regulation playing area, for practice nets, and for a section devoted to a junior soccer team. The varsity field is very level and smooth and is a tremendous improvement over the area on the baseball field formerly used by the team.

The smaller space behind the Shop is given over to the "B" football squad. As the "B" group is playing 6 man football this fall, the field is exactly the correct size for the requirements of the game.

The opening up of Whipple Field for athletic purposes has been of great value, for it relieves the congestion which formerly existed around the varsity football field and provides all the space that is needed for the soccer team and the "B" squad.

PORTRAIT OF GEORGE W. ADAMS PRESENTED TO THE SCHOOL

The Reverend Glenn Tilley Morse, long-time friend and trustee of the Academy, has recently presented to the school a portrait of Mr. George W. Adams, which is now hanging in the New Building.

Photograph by Eugene Gardiner
GEORGE W. ADAMS

*Portrait by the Reverend Glenn Tilley Morse
which now hangs on the south wall of
the New Building*

Mr. Adams graduated from the Academy in 1873 and since that time he has always had a close connection with the school. Four generations from his home have been pupils, and of his blood and name there have been two masters, two trustees, and seventy-five enrolled students.

Many graduates will remember Mr. Adams for his regular attendance at Sunday evening Vesper services and for his fame as an apiarist.

The Reverend Mr. Morse has painted an unusually fine likeness of Mr. Adams and he has indicated the subject's great interest in Governor Dummer by showing Mr. Adams seated in a large chair holding a copy of the school yearbook, *The Milestone*.

The portrait is hanging on the south wall of the dining room near the fireplace.

Vespers

September 24: The Reverend Palfrey Perkins of King's Chapel, Boston.

October 1: The Reverend George Cary of the First Church, Bradford.

October 8: The Reverend Charles Smith of Christ Church, Exeter, New Hampshire.

October 15: The Reverend George L. Cadigan of Grace Church, Brunswick, Maine.

October 22: The Reverend Ashley Day Leavitt of the Harvard Church, Brookline.

October 29: The Reverend Leslie T. Pennington of the First Church, Cambridge.

* * *

Mr. Perkins, the first speaker of the year at Vespers, based his talk on the fact that individual success is not the big thing in life. Adventurous living is greater, he said, and fortitude, faithfulness and helpfulness are what makes life worth while.

Our lives are not our own, he pointed out, as they are directed by God, so God is the objective to choose and fight for rather than mere success.

* * *

The desire to go a little further as the very epitome of Christ and his teaching was the theme of Mr. Cary's talk. In applying this thought to everyday school life the speaker showed that the student should not be content merely to pass his studies, but should try to improve and better himself by all the opportunities offered in a school of this type.

* * *

The misuse of religion by the Babylonians was the text for the Vesper talk of the Reverend Charles Smith. In applying the text to modern life, Mr. Smith declared that men today are using the advance of science and industry toward destruction rather than towards progress. Education, he added, in teaching us to control Nature can be dangerous unless used for the enrichment of humanity.

* * *

The Reverend George Cadigan contrasted the hatred and evil of today with the beauty and purity of the Nativity. He concluded his talk by proposing as cures for the ills which permeate the earth earnest prayer, universal love, active participation in the church, and the spread of the truth that the Universe depends on God.

Mr. Leavitt in his Sunday evening Vesper talk based his sermon on the word discovery and the ideas it suggests. He cited as the text of the talk a poem depicting Hendrick Hudson's forward looking bravery which carried him on through unknown dangers and obstacles towards an unknown goal.

Mr. Leavitt stressed the fact that we must hold on tightly to faith and courage, for once they are lost they can never be regained. He declared, finally, that human resourcefulness, aided by faith established at various stages of life, can overcome the greatest difficulties.

* * *

Impersonality is one of the great faults of modern people in every walk of life said Mr. Pennington in his Vesper talk. He pointed out the importance of close and understanding person-to-person relationships in our democracy, in all history, and in the transmission of the creative spirit of God.

At the same service Mr. George W. Adams spoke briefly on the goals before the boys in the school.

More Briefly

Adrian Rutherford is the exchange student at the school this year. He comes to the Academy from the College of St. Columba, Rathfarnham, Dublin, Eire, where he was a Prefect and an outstanding athlete. He represented the College at all games, and the Province of Leinster at rugby and hockey.

He is preparing to take examinations upon his return to Eire for entrance to Trinity College, Dublin.

* * *

At two evening meetings Mr. Hill and Mr. Mitchell spoke on the present European situation. Mr. Hill recounted some of his experiences in Europe and England while traveling this summer. Mr. Mitchell interpreted certain phases of the war and the diplomatic struggles.

Mr. Hill, incidentally, is earning a wide reputation as a lecturer and has constantly been on the road presenting to eager audiences his interpretations and observations on the war. He has been particularly in demand at several of the neighboring girls' schools.

* * *

Six framed Tudor prints have been given to the school by Miss Jessie Degen. The prints are particularly suitable for hanging in the rooms and make very interesting wall decorations.

THREE NEW MASTERS JOIN GOVERNOR DUMMER FACULTY

Three new masters have joined the faculty at Governor Dummer this year.

Mr. Oliver Andrews, who graduated from the school in 1935, has returned to teach French here. He was graduated Cum Laude from Harvard with the Class of 1939, where he was a member of the Instrumental Club, the Speakers Club, and the Harvard Advocate. Mr. Andrews has charge of the third floor in Commons.

Mr. Harold M. Curtiss teaches American History and third-year English, as well as being Faculty adviser to the ARCHON. He lives on the third floor of Perkins and will assist in coaching football, basketball, and baseball.

Mr. Curtiss graduated from Milton Academy in 1935 and from Harvard in 1939. While at Harvard he was assignment editor of the Crimson and editorial chairman of the Senior Album. He was also a member of the varsity baseball team for three years and belonged to the Varsity Club, the Hasty Pudding Club, the Spee Club, and the Signet Society.

Mr. Cuyler J. Hawkes graduated from Bowdoin College where he engaged in football, basketball, and track. He was a member of the Alpha Tau Omega fraternity and was president of the Math Club. Before coming here Mr. Hawkes taught mathematics and science for three years at the Evans School in Tuscon, Arizona.

Mr. Hawkes is the master on the first floor of Peirce Hall, teaches mathematics and chemistry, and assists in coaching football.

MOODY HOUSE RENOVATED TO PROVIDE APARTMENT FOR STONES

With the removal of the Infirmary to Mason Cottage, the first floor rooms in Moody House have been made over to provide an apartment for Mr. and Mrs. Stone.

Miss Kaye's old room is now the Stone's bedroom, while the large common room has been changed into a comfortable, cheerful living room for the use of the Stones and the boys in the dormitory. The former dispensary has been converted into an extra bedroom.

In the backyard of Moody Mr. Stone has built a small picket fence enclosing a plot of ground which will be used for a flower garden and the planting of shrubs.

Photograph by George H. Leach, Jr.
MASON INFIRMARY

The former Mason Cottage which has been made over into an infirmary.

INFIRMARY NOW IN MASON COTTAGE AFTER REMOVAL FROM MOODY

One of the most important changes which have been made at Governor Dummer for the 1939 school year is the removal of the infirmary from Moody House to Mason Cottage.

With the whole building given over to infirmary purposes much more room is available for medical purposes than ever before. The dispensary is very roomy and has large cabinets for medical supplies running the length of one wall.

On the second floor are three double rooms and the large waiting room on the first floor can be used for overflow in case of an epidemic. The screened-in porch of the waiting room is available in the spring for convalescent boys.

In the basement is an athletic room to be employed for taping and massaging and in the barber's room there are two tubs for applying hot and cold compresses.

Two of the most elaborate pieces of new equipment are the new adjustable hospital beds. Another heat lamp and an extra pair of scales are to be added to the equipment soon.

TEN BOYS APPOINTED TO CONDUCT RED CROSS MEMBERSHIP DRIVE

Ten boys, representing the dormitories and the day students, have been appointed to conduct the annual Red Cross membership campaign in the school.

Chairman of the group is Clark Shepard. The members of the committee are David Goodhart, Lewis Harrower, Locke Ellis, Robert Harris, Joseph Brady, Richard Williamson, Leonard Zins, David Johnson, and Howard Hill.

DUMMER ALLIES HOLD ANNUAL MEETING IN MANSION HOUSE

The annual meeting of the Dummer Allies was held on August 31 with Mrs. Eames at the Mansion House.

Officers for the year were chosen with Mrs. William Dummer as President; Mrs. Mabelle Poole, Vice President; Miss Carrie S. Dummer, Secretary; Mrs. Martin H. Burns, Jr., Treasurer; and Mrs. Martin H. Burns, Auditor. Chosen for the Executive Committee were Mrs. Edward W. Eames, Mrs. John T. Litch, Miss Gertrude Carleton, and Miss Ellen E. Dole.

The scholarship committee, after choosing Mrs. Francis R. Kitchell as a member for a term of three years, recommended that Robert Page and Nathaniel Dummer be recipients of awards for the school year.

Mrs. Ralph W. Welch was appointed chairman of a committee which is to make plans for the raising of money during the year.

The following twenty-five members were present at the meeting: Mr. and Mrs. Edward W. Eames, Mrs. William Dummer, Mrs. Mabelle Poole, Miss Carrie S. Dummer, Mrs. Martin H. Burns, Jr., Mrs. Fred Nelson, Miss Annie C. Horsch, Mrs. Harland Floyd, Mrs. Martin Burns, Mrs. Edward Dunlap, Mr. and Mrs. Nickolas Mosher, Mrs. Ralph W. Welch, Mrs. Benjamin Stone, Miss Helen McG. Noyes, Mrs. William T. Whitney, Mrs. Harold Knapp, Mrs. Sidnev Holden, Mrs. Francis R. Kitchell, Mrs. John Skeele, Miss Gertrude Carleton, Mrs. Gerry S. Mussells, Miss Edith Daniels, and Mrs. Ernest C. Ropes.

SCHOOL CALENDAR: 1939-40

Thanksgiving Recess: Wednesday noon, November 29, to Sunday, December 3, at 8:30 p. m.

Christmas Dinner: Thursday, December 14, at 7:00 p. m.

Christmas Vacation: Friday noon, December 15, to Thursday, January 4, at 6:30 p. m. Regular classes on Saturday, January 6.

Spring Vacation: Wednesday noon, March 13 to Wednesday, April 3, at 6:30 p. m. Regular classes on Saturday, April 6.

Final Examinations: Monday, June 3, through Thursday, June 6.

Commencement Exercises: Thursday evening June 6, through Friday evening, June 7.

College Board Examinations: Saturday, June 15, through Saturday, June 22.

6 MAN FOOTBALL INAUGURATED TO TEACH "B" SQUAD FUNDAMENTALS

Six man football has been inaugurated this year at the school for the "B" squad under the direction of Mr. Curtiss.

This new type of football has been popular in the West for the past three years, but is comparatively new in the East. The game is valuable in that it teaches the fundamentals of football to the younger and lighter boys better than the eleven man game. Six man football is fast and wide-open, placing a premium on clean cut blocking and tackling, and as there are fewer players to watch, a coach can more easily pick out mistakes committed.

The "B" squad is limited to only 16 players this year with an average weight of about 135 pounds, and the boys seem enthusiastic about the new type of football as it gives everyone the opportunity to play constantly.

Henry Skeele has been elected captain of the group, which is made up of Howard Hill, Harold Knapp, Brent Kuhnle, Paul Titus, Alden Wadleigh, Harold Leinbach, Robert Sim, Richard Meriam, Benjamin Mann, Barr Smith, Cushing Strout, Gordon Fisher, William Hill, Philip Garfield, and Herrick Randall.

TWO PORTRAITS GIVEN TO ACADEMY BY MRS. ETHEL CARR

Two exceptionally fine 19th century portraits of the Reverend and Mrs. John Pike have been left to the Academy by the will of the late Mrs. Ethel Boardman Carr, a grand niece of Dr. Pike.

Dr. Pike was a widely known Congregational minister in Rowley for a great many years. He was also president of the Board of Trustees, or a member of the Board, of the Academy for over fifty years, serving in connection with the school from 1842 to 1895. Mrs. Pike was a member of the Adams family, whose family homestead is in South Byfield on the Old Post Road north of the Academy.

The portraits are in remarkably good condition and were undoubtedly done by one of the itinerant painters who traveled over America in the early 1800's. As such the works are of considerable value, for the traveling artists turned out works of very high artistic merit, and there are few examples of their art left in this country.

MR. SAGER APPOINTED VARSITY FOOTBALL COACH FOR 1939 SEASON

Mr. Sager has been appointed head football coach for the 1939 season as Mr. Eames was unable to take the squad this year.

The new coach is well qualified for the position, having been line coach for nine years. In the first few games the team has shown itself to be a well drilled, hard driving outfit, thoroughly practiced in the fundamentals of the game. With such a start Mr. Sager should meet with the same success that Mr. Eames has had in the many years he has acted as varsity coach.

This year Mr. Sager will devote most of his time to the backfield, while Mr. Wicken-den will take over his duties as line coach. Mr. Jennings is also helping with the varsity and is handling the ends.

MISS ELIZA STONE WILLS \$5000 FOR NEW FOUNDATION AT SCHOOL

Governor Dummer has recently been named as one of the beneficiaries of public bequests made in the will of the late Eliza Atkins Stone of Evanston, Illinois. Miss Stone was a native of Newburyport, and her father, George Frederick Stone, was a graduate of the Academy in 1851.

The bequest of \$5000 as indicated in the will is to establish "The George Frederick Stone Foundation", the "income to be used to develop interest in public speaking or in United States history or civics, or in such other way as the trustees thereof may deem best to promote the preparation of young men for public service."

As yet the school has received no official notification of the gift, the reports so far having come through the newspapers.

Alumni Notes

1932: Martin Gowdey has been appointed to the U. S. Department of Interior, Bureau of Biological Survey, as Senior Engineering Aide. He has resigned his position with the Massachusetts Department of Public Works, Division of Highways, and taken up his new duties at Calais, Maine.

* * *

1933: Calvin Eldred was married to Miss Eleanor Ruth Fessenden of Newton Center, Massachusetts, on October 14.

MR. ARTHUR W. SAGER
1939 varsity football coach.

1934: John Hinchman was on the Dean's List at M. I. T. for the second term last year.

* * *

1935: Benjamin Rae was married on May 15 to Miss Corinne Acklin Woods in New York City. They will be at home after November 1 at 1970 Commonwealth Avenue, Brighton, Massachusetts.

SCHOLARSHIP ESTABLISHED AS MEMORIAL TO PHILIP COBB

Mr. Eames has recently announced the foundation of a scholarship as a memorial to the late Philip Cobb, who was for six years a member of the faculty and for a long time Director of Camp Winona, a boys' summer camp.

Winona and Governor Dummer Academy were two institutions in which Mr. Cobb was most keenly interested. The award is to be given at the end of each Winona season to the boy who, in the opinion of Mr. Eames and the directors of Winona, is outstanding as a camper and as a student.

To boys who receive this award is given the opportunity to do honor to him in whose memory the scholarship is given, and to the camp and school which were so vitally a part of his life.

The first winner of the Cobb Scholarship is David Jarvis, who for eight years has been a Winona camper.

IT HAPPENED ONE DAY

During an evening meeting about three weeks ago both students and faculty were amazed by Mr. Eames' account of his unusual day. They listened with interest to the Headmaster's story of the visit of two New Hampshire men and their presentation of a pair of valuable gilt-framed paintings of the Reverend John Pike, a former chairman of the Board of Trustees, and his wife. They were further amazed by the fact that only a few hours later a book-dealer showed to Mr. Eames a copy of Governor Dummer's will, which is now being studied by Mr. Duncan Phillips to ascertain its authenticity. Finally as the climax to this almost incredible day, the news reached school of a bequest of \$5000 by Miss Eliza A. Stone of Evanston, Illinois. Miss Stone was a native of Newburyport, and her father, George Frederick Stone, was a graduate of the Academy in 1851. It is to perpetuate his memory that the money is being given to the school.

Each of us, including the Headmaster, marvelled at this curiously coincidental chain of events, but few, we are certain, have considered the deeper significance of these occurrences.

Two of the happenings are closely correlated with the historical background of the school.

They serve as a reminder that we are fortunate to be undergraduates of an Academy so rich in tradition, heritage, and background; at the same time they act as a caution to us to live up to the standards set by our predecessors and expected of us by the many friends of the school.

Moreover, from these three incidents we get a clear picture of the wide geographical distribution of the interest in Governor Dummer. Its name and fine record have become well known far beyond the confines of New England. Undoubtedly its unusual historical background was the basis for such far-flung support. But that cornerstone did not make the construction of the entire building. Successive classes of outstanding men, and a reputation for excellent scholastic, athletic, and social training have raised the school in its modern situation into a high place in the esteem of thousands of people in all parts of the country.

1939: Winthrop Endicott is in the New York Office of the Riegel Paper Corporation.

PRELUDE TO INSANITY

By MR. J. CHANDLER HILL

When countries arm to the teeth, when they dig into the ground and prepare places of refuge from the thunder above, when they systematically order the lives of their citizens, when they move their troops from border to border, when they barricade their roads, fortify their frontier, and place any foreign element under supervision, it seems foolish to hope that diplomatic negotiations or any power outside of the sword is going to avert the catastrophe of war.

However the great majority of people in Europe this summer considered the chance of war becoming an actuality very small, although their considerations were not much more than a weak hope and prayer. No concrete solution could be offered for lasting peace; but there certainly was the desire at least. One Englishman rather effectively stated the dilemma when he said, "The only concrete idea has been poured into the making of tank barriers and strengthening every phase of military tactics. This doesn't pave the way to any peaceful solution except after the walls have fallen."

With Europe an armed camp, my wanderings on the British Isles and the continent resulted in more than a sightseeing tour of cathedrals, museums, and the usual experiences encountered by the tourist. Instead these beauties were constantly interrupted by the menaces of war. The usual study of the people was colored with another phase of life, apprehension and insecurity, presenting a far different impression than one usually gets.

There was then tension in the air which tainted the every-day mode of living, there was the fear of what happened twenty-five years ago too freshly imprinted on their minds. When the inquisitive Frenchman would ask us, "You'll help us again this time if need be, won't you?", I would realize even more the resigned feeling within these people. Then I began to see Europe endeavouring to be outwardly calm, going about its business with far too much precision and serenity, nevertheless making the pretense of being solidly engaged in mere precaution only.

In London this element of precaution and preparation was marked in no uncertain terms. Air raid shelters, anti-aircraft guns, black-outs, et cetera are not part and parcel of the usual everyday life of its citizens. The peaceful Netherlands does not fortify its borders

with barricades, machine guns, pill boxes, and gun turrets through sheer enjoyment. In Germany there was an overabundance of military activity. Even little Switzerland in this unusual time had placed in every able-bodied man's home a gun, a round of bullets, and a uniform. France, who only wants peace and security, had spent all summer pouring more concrete into the already impregnable wall along her Eastern front.

Still with these evidences brazenly pictured in grim reality, the desire for peace seemed strong enough to overpower and countermand any material destruction. A hotel manager in Eastern France answered the question as to what he thought of all this war talk and preparation with another question. "Think of it?" he said, "it has gone beyond the point of thinking, we haven't recovered from the last war here, and now they are attempting to take up the battle again. For what?" There was malice and hatred and bitterness in his voice. These things hurt. It was not his desire to fight again, but he was ready to do so if the time came. But behind this feeling there was still hope.

In Germany the people are bewildered. They cannot understand what is happening. The innkeeper and hotel manager would say, "We don't think there will be any war. Why haven't more Americans visited our country this summer?" With wonder and pathos in their faces questions of this sort were asked continually. It voiced the opinion and hope of all the German people. They feared the material power which was slowly enveloping them. They didn't want war any more than the French, English, and the rest.

Paris symbolized the spirit of grimness prevalent in every European capitol before war was declared. Boulevards, cafes, and other public places were no longer filled with able-bodied men, only the old and unfit were to be seen. The youth, the cream of the nation, had departed. General mobilization had taken place, the spirit and life of the city had gone.

Thus a summer in Europe, 1939 edition, became a living picture of preparation to kill, determination to defend all that is sacred, an expression of unflinching spirit for that which man thinks is right, all with underlying currents of feeling and fears, a prelude to insanity.

VISITING SPEAKERS GIVE CURRENT EVENTS TALK AT MEETINGS

Three fine current events talks have been given at various evening meetings since school opened. The first was delivered by the Reverend George W. Shepherd, who has been adviser to the Generalissimo and Madame Chiang Kai-Shek for the past five years.

His subject was "The Inside Story of the Sino-Japanese Conflict". In the talk Mr. Shepherd showed how Japan will never be able to conquer China and he pointed out the stubborn and subtle resistance which the Chinese are offering to the invasion of their homeland.

The second talk was given by Mr. Francis H. Russell, a Boston Lawyer, who spoke on the course that the United States should take in dealing with the present European conflict. Mr. Russell warned that if Hitler is successful, not even the North American continent will be free from the danger of invasion and commercial strangulation. He therefore urged that the United States should take aggressive measures and repeal the Embargo Act in order to help England and France.

After the talk a lively debate ensued between Mr. Russell and Mr. Waldo E. Palmer, Professor of History at Simmons College. In this way the boys received a clear picture of the issues at hand on both sides of the American neutrality question.

Mr. Harrison Lakin, formerly of the American diplomatic service, in the third discussion of present day events took up the issues involved before a satisfactory peace could be reached in Europe. Mr. Lakin explained that the three most important factors which would influence Hitler towards war or peace were whether Russia would actually fight on the German side, the attitude of the United States towards the conflict, and the question of the control of the Mediterranean.

ARCHON PICTURES

The ARCHON will pay \$1 for any pictures which are turned in and are deemed suitable for publication. Action shots in sports, unusual school scenes, and pictures of interesting school activities are most desirable subjects.

Photographs for cover cuts are particularly needed, and for them more than the above rate will be paid, including all costs for developing.

CARNEGIE FOUNDATION ADDS NEW MATERIAL TO ACADEMY MUSIC SET

Three years ago the Carnegie Foundation presented to the school a music set consisting of a victrola and loudspeaker, 650 records, and a catalogue cabinet.

The records cover a cross section of music from the early Gregorian period through modern symphonic works.

This year the Academy was one of the very few schools in the country to receive an additional gift from the Foundation. 42 books on biography, church music, history, instrumentation, opera, and miscellaneous material have been added to the set. Also presented were 111 musical scores to go with the records.

The set of records and scores is used in conjunction with the music classes and is available to all boys in the school.

To keep the set up to date and to enlarge it, new records and books will be added from time to time.

More Briefly

Great confusion has arisen due to President Roosevelt's decision to change the date of Thanksgiving Day from November 30 to November 23. With many states sticking to the original date just the same, the question at once arose as to which should the school recognize. As the majority of the boys come from states which are having Thanksgiving on the 30th, it was finally decided to have the recess at the traditional time rather than on the artificial Roosevelt day.

* * *

As many of the old boys have noticed, Susie, the Eames' cocker spaniel, is no longer with us. This summer while chasing a car Susie was badly injured. She was taken to the hospital and operated upon, but as her recovery became doubtful, she had to be killed.

* * *

The Reverend Glenn Tilley Morse has given to the school a copy of Locke's "Some Thoughts Concerning Education" printed in London in 1752. The book has been placed in the little red schoolhouse.

* * *

Mr. James Duncan Phillips has recently presented a gift of the Encyclopedia Americana for the school library. The books will be of tremendous value for reference work in American History and Literature.

FALL SPORT TEAMS IN ACTION

BOWDOIN DEFEATS GOVERNORS 6 TO 0 IN OPENING FOOTBALL GAME

Governor Dummer opened its football season on October 7 losing to the Bowdoin Junior Varsity 6 to 0 on Morse field.

The Governors kicked off and Dyer of Bowdoin, receiving the ball, managed by some clever running and blocking to race 75 yards for the only score of the game.

The Red and White recovered a loose ball a few minutes later on the Bowdoin 20 yard line, but also lost the ball on a fumble.

Throughout the rest of the first half a punting duel raged with Bowdoin having a slight advantage.

The third quarter was also a punting duel until the Governors managed to get the ball on their own 20 yard line just as the quarter ended.

Running plays netted a first down, and then a 20 yard pass from Lee Whittles to King Dowse put the ball on the midfield strip. Another pass, Whittles to Ted Munro, penetrated Bowdoin territory. Whittles then faded back and tossed a long pass to Don Mortimer who made a one-handed, shoe string catch on the 15 yard marker.

After a series of plays the Governors made its first down on the Bowdoin 3 yard line, but two running plays and two passes failed to click.

Mortimer and Munro played well for the Governors as did Fred Jellison backing up the line.

For an opening game the team on the whole played very well. There was a definite lack of offensive power, although the number of passes completed point to a potent air attack. Defensive work, however, was very strong.

SOCCER TEAM LOSES OPENING GAME TO HARVARD FRESHMEN

The Governor Dummer soccer team lost a hard fought opening game to the Harvard Freshmen by the close score of 2 to 1 on October 7.

The first period started with the Governors kicking off. The team went deep into Harvard territory but was forced out and Harvard took the ball. Neither team was able to make any real progress and the period ended without a score.

The play was dominated by the Governors throughout the second quarter, but they failed to capitalize on several scoring opportunities. Harvard also was kept from getting into a scoring position and the half ended in a scoreless tie.

The third period produced all the scoring accomplished in the contest. Ted McDowell, the Governors' left outside, centered the ball to Dana Babcock who drove it into the upper part of the nets for the initial point. Harvard retaliated with a score in about two minutes and then in the closing minutes of the quarter forged ahead with another tally.

In the final quarter the Governors fought hard to regain the lead. They missed a few scoring chances, however, and the game went to Harvard.

The team played very well on the whole for an opening game with Fred Stanger and Captain Bob Lyle the outstanding players.

"B" SQUAD SUFFERS DEFEAT IN 6 MAN GAME WITH IPSWICH

The initial exhibition of 6 man football was not too successful as far as the "B" squad was concerned, for the team was defeated by the Ipswich High School Freshmen 26 to 0 on October 18.

Proving very weak in blocking and tackling, the Governors faced a team well drilled in fundamentals and packing plenty of speed and power. Ipswich scored early in the first period and then in the third period swept to three more touchdowns. The "B" squad gained plenty of yardage from scrimmage with the hard running of Bob Sim being outstanding, but the team never had quite enough punch to accomplish a score.

GOVERNOR DUMMER SWAMPS ANDOVER SECOND TEAM 31 TO 0

Showing real power on the offense, Governor Dummer rebounded into the win column by trouncing an outclassed Andover Second Team to the tune of 31 to 0 on October 14 on Morse Field. The Red and White tallied almost at will while keeping their opponents from penetrating within the 20 yard marker.

The outcome of the game was forecast in the opening moments when the Governors marched 60 yards in six plays after receiving the kickoff. Ted Munro counted on an accurate toss from Al Hutchinson, who added the extra point by a placement.

The remainder of the half was a see-saw battle but for another sustained drive by the Governors early in the second period. Hutchinson climaxed the 65 yard onslaught by spinning over from the 12 yard line.

A short Andover kick, hurried by the hard charging Academy line, set up a quick touchdown soon after the half. Fred Jellison carried over on a line buck. Two more trips into the end zone on passes received by Munro and, on a fluke, by tackle Jack Griffith completed the day's scoring.

Munro played almost 60 minutes and was excellent in the signal calling berth. Lee Whittles and Hutchinson spear-headed the attack, while Ed Mulcahy was outstanding defensively.

"A" SQUAD WINS OPENER AGAINST STRONG HAVERHILL TEAM 6 TO 0

The Governor Dummer "A" squad opened its season successfully against a strong Haverhill High school team by winning 6 to 0 on October 6.

Both teams played a well fought game throughout, and Stan Whiting scored the only points of the day by making a sensational catch of a pass from John Benting for a touchdown.

John Benting, who was elected captain before the contest for the second consecutive year, was outstanding in the backfield along with Stan Whiting.

The lineup of the team was as follows: Bowker, le; Cushman, lt; Page, lg; Webster, c; Newton, rg; Wright, rt; Coffin, re; Benting, qb; MacDonald, lhb; Little, rhb; Whiting, fb. Substitutes: Harris, Torrey, Ackerman, Greenwood, and Williamson.

GOVERNORS' SOCCER TEAM NOSES OUT ANDOVER CLUB TEAM

The soccer team eked out a 1 to 0 victory over the Saxon Club team of Phillips Andover in an uneventful game at Andover on October 25.

The Governors scored their only goal of the game in the first period when halfback Karl Klaussen sank a long kick. After this one successful offensive thrust there was a definite letdown on the part of the Governors' team.

In the second period the Red and White dominated the play slightly, although both teams were playing rather poorly. Some scoring chances on corner kicks were offered, but the team was unable to get the ball between the posts.

At the beginning of the second half the outcome of the game became questionable. The Saxons scrapped hard and at times forced the play. However, they were unable to knot the count.

The fourth quarter found the Governors still lacking a scoring punch, and Dana Babcock was the only one to come close to a score.

The game proved to be a real disappointment, for although the team has a good backfield and a well coordinated line, it continued to be plagued by the lack of the all important ability to score more than once or twice a game.

GOVERNOR DUMMER "A" SQUAD DEFEATS HAMPTON ACADEMY

The Governors' "A" squad on October 13 won their second consecutive game by defeating Hampton Academy 13 to 0.

The first score was made by Dav Bowker who blocked a Hampton kick behind the goal line and then recovered the ball. In the second half the "A" squad tallied again as Stan Whiting carried over the line for a touchdown on a running play. The extra point was added on a line buck by John Benting.

The Governors exhibited a strong, tight defense throughout the game and Hampton was never able to get on any real offensive drives.

Outstanding in the contest was Captain Benting, who starred in both offensive and defensive work. The team as a whole however showed much improvement over the first game of the season a week before.

over Hampton Academy.*

"A" SQUAD LOSES FIRST GAME TO IPSWICH HIGH SECOND TEAM

The "A" squad lost its first game in three starts at the hands of the Ipswich High Seconds by the score of 12 to 0 on October 20.

Throughout the game the Governors lacked the spark and precision which had made them click in their first two encounters. The team was unable to penetrate beyond their opponent's 20 yard line on any occasion because of a strong Ipswich defense and lack of blocking in the line.

Ipswich made its first score early in the second period on an off tackle play that went for 30 yards. The second touchdown was produced by a trick pass play which went for 40 yards.

Captain John Benting played his usual fine game at quarterback, while Dick Williamson showed up well in the line.

FINE PLAY GIVES SOCCER TEAM VICTORY AT KIMBALL UNION

Playing the best brand of soccer they have shown all season, the Governors defeated Kimball Union on their home grounds by the score of 2 to 1 on October 21.

The game was a hard fought one throughout, and the opening canto found the play very even. Both teams came near scoring but could not quite get the ball into the nets.

Goals were abundant in the second quarter. The Governors entered the scoring column first when Dana Babcock drove a hard shot which careened off the goal tender's leg into the twine. Kimball Union soon retaliated by kicking a long shot into the cage. Towards the close of the quarter Paul Morgan put the

game on ice for the Academy with a beautiful shot.

The Red and White then turned to defensive soccer, and Kimball Union was able to make little or no progress against their opponent's stubborn backfield.

In the final stanza the Governors bogged down slightly, but they were able to thwart all attempts to tie the score.

Outstanding for the Academy was Louis des Cognets, a substitute half-back who came through with some superb kicks and played exceptionally well in all other departments of the game.

VARSIITY ELEVEN EDGES KIMBALL UNION IN DEFENSIVE BATTLE

With Jack Griffith playing one of the best games of tackle seen in many a year on Morse Field, Governor Dummer edged a strong eleven from Kimball Union 2 to 0 on October 21. A large crowd witnessed the see-saw struggle in which one good break won for the Governors.

The tally was chalked up mid-way through the first period, and thereafter the Red and White sat tight on its slender margin. After Al Hutchinson landed his second consecutive kick on the Kimball 4 yard stripe, Griffith crashed through to block the attempted punt in the end zone. The ball bounded behind the goal posts for a safety.

A sensational 75 yard kickoff following the score set the Red and White back on their heels, but the opening plays of the second quarter found the home forces successfully defending the goal line against all Kimball onslaughts. The Governors hurled the opponents from the 5 to the 20 yard marker and recaptured the ball on downs.

From this point until the middle of the final period the exceptional booting of Hutchinson and Lee Whittles kept the hard fighting Kimball club from reaching scoring territory. Two threats were repelled in the waning moments of play when Whittles intercepted dangerous Kimball passes.

With the Governors playing a consecutive offensive game to protect the lead, the defensive work was outstanding. Griffith was a giant in the line and stopped innumerable Kimball plays. Though outrun and outpassed the team as a whole played heads-up ball to gain the victory.

TWO FOURTH PERIOD TOUCHDOWNS WIN FOR THAYER ACADEMY 12 TO 6

A fighting Thayer club which cashed in on fourth period breaks to score twice in quick succession nosed out the Governors 12 to 6 on October 28 on Morse Field.

The game was very even throughout, with long marches and kicks sweeping the ball up and down the field, and with fumbles, blocked kicks, tricky laterals and spinners, and potent passing attacks keeping the spectators on edge.

In the first half a 50 yard drive by the Red and White, sparked by twenty yard sweeps on the part of Al Hutchinson and Bob Nutter, stalled on the 15 yard marker. A series of three blocked kicks by the hard charging Governor's line kept the ball in striking distance, but a fumbled spinner, a pass interception, and a fumbled punt turned the tables and gave Thayer a chance to tally. Their thrust, in turn, was repulsed.

A series of slashing runs and accurate passes by Hutchinson placed the ball again on the Orange and Black 15 yard line. After three plays had been stopped, Hutchinson's attempted field goal by dropkick failed.

The Governors broke the deadlock early in the third quarter as Hutchinson made a shifty punt runback, two long gaining sweeps, and a 20 yard pass to King Dowse for a score.

From this point on the game was all Thayer's. A fumbled punt on the Governor's 20 set up the first score. After a sturdy stand by the line, a fourth down pass from the 3 yard stripe netted a touchdown. On the ensuing kickoff the ball bounded off a Governor Dummer lineman and was recovered by Thayer. Two long passes then penetrated for the winning score.

"B" SQUAD LOSES CLOSE CONTEST TO ANDOVER FRESHMEN 7 TO 0

Heavily outweighed but never outfought, the "B" squad lost its first eleven man game to the Andover Freshmen 7 to 0 at Andover on October 25.

Andover got the jump quickly and scored in six plays after the opening kick-off. However, from then on to the end of the game, the "B" squad held their much larger opponents even and often outplayed them, but the offense was never really able to function due to the weight of the Andover forward wall.

Photograph by Mr. Jennings

VARSITY STARTS A PLAY

Al Hutchinson receives the ball for an end run in the game against the Bowdoin Junior Varsity.

SOCCER TEAM DOWNS M. I. T. FRESHMEN BY 1 TO 0 SCORE

The Governor Dummer soccer team downed the M. I. T. Freshmen 1 to 0 in a clean cut battle at Tech on October 14.

Dave Jarvis made the only score of the game in the first period with a good shot from inside the penalty area. After this goal the team could not seem to find the range again, although many opportunities were presented throughout the first period.

In the second quarter the Governors carried the play but without results. Time and time again the chance to score arose, and the team would just miss. In the meantime Tech was held completely at bay by the strong Governors' defense.

The third and fourth quarters were much the same as the second, with the Red and White showing a strong defense but no scoring punch.

Captain Bob Lyle, who was just recovering from a leg injury, was outstanding for the Academy, while all the backs played a superb game defensively.
